PRICE LIST No. 24

SUBJECT TO DISCOUNT

RODDISWOOD

The Standard of Quality in Plywood

Tops - Panels
Doors

Roddis Lumber & Veneer Company

Marshfield, Wisconsin

Terms

To firms of approved credit rating, our terms are thirty days net, or 2% discount for payment ten days from date of shipment. Advance remittances sufficient to guarantee good faith must accompany orders for C.O.D. shipment. All prices are based f.o.b. Marshfield unless otherwise quoted. All accounts when due are subject to sight draft.

Read carefully before ordering:

Dimensions should be specified in the following order:

Number of plies
Thickness
Length with grain
Width across grain

We will not be responsible for errors in the direction of grain unless these instructions are followed. Orders are not subject to cancellation after being duly accepted. Plywood is subject to inspection in the white only. An exact copy of the order as it is issued to the factory is sent to the customer. This acknowledgment should be carefully checked with your order. Omissions and errors, if any, must be reported promptly. All quotations are based on items enumerated by us. Complaints as to defective materials or workmanship, if allowed will be adjusted by replacement, or otherwise, but not after same has been sold, used, or commingled with other material. No claims for refinishing or other labor not originally performed by us will be allowed. Goods are not to be returned without consent being first obtained.

Grades

RODDISWOOD is sold under the following grades. It is important that in asking for quotations, or ordering, to follow these grades accurately. For special stock not covered in these grades, please describe fully so that we may quote you intelligently.

Specifications for Faces

Grade AA.—Carefully matched for figure and color; all joints glued; veneers clear and free from all defects, such as sap, stains, worm

holes and knots; machine sanded, belt finished· (See notes 3 and 4).

Grade A.—Figured and plain woods, matched for uniform figure and color. Excessive discoloration, face depressions, sap, knots and worm holes eliminated; machine sanded, belt finished; glued joints. (See notes 2 and 3).

Grade B.—Random figure or grain, matched for color only. Tight joints. Sap, slight discoloration and sound pin knots not considered defects. Patches properly made permissible. Machine sanded; glued joints. (See notes 2 and 3).

Grade C.—Not matched for color or grain. Slightly open joints, sap with discolorations, burls, sound knots and patches permissible. Machine sanded.

Grade D.—Any kind or kinds of wood. Doze, stain, pithy knots, discolorations, burls, loose cutting and open joints permissible. Not sanded. Tape not removed. Reject panel grade not intended for us where exposed.

Specifications for Backs

Good Backs.—Same as Grade B face.

Sound Backs.—Same as Grade C face.

Reject Backs.—Same as a Grade D face. This grade of back is supplied on all panels with one good face unless another grade is specified.

Notes

Note No. 1.—Any specifications for face and back veneer other than these rules shall be a matter of special contract between buyer and seller.

Note No. 2.—In some instances it is desirable to include sap to produce best effect in matching in Walnut, Figured Gum, and other woods on the Faces; therefore, the matter of eliminating sap is considered optional.

Note No. 3.—Slight mineral and bark streaks are not considered a defect in Plain and Quartered Oak.

Note No. 4.—Pin knots and burls not considered a defect in Mahogany and Walnut.

The prices for a grade A panel with a Good Back will be arrived at in the following way:

Turn to the list for the Grade B panels. Deduct the difference in the price between the one and two side panel in the size you desire: Add this amount to the corresponding size on the Grade A panel list. This will give you the price for a Grade A panel with a Good Back.

To arrive at the price for a Grade A panel with a Sound Back on the Grade C list; Deduct the difference in the price between the one and two side panel: Add this amount to the Grade A panel. This will give you the price for a Grade A panel with a Sound Back.

Core Grade

Grade 1.—Made from any suitable core wood — mixed woods in the same core not permitted; sound wood throughout; good edges, free from rot, shake, and knots, for shaping; no end splices on edges, to be used for band-sawed or shaped tops.

Grade 2.—Any suitable wood — mixed wood not permitted in the same core; patching permissible; good edges, free from rot, shake, and knots, one piece or spliced edges as specified.

Grade 3.—Any wood; must be reasonably sound, doze, stain, small open knots, pin worm holes, and checks permitted; and splicing on outside edges permissible.

Differentials

3-ply 1/8"—Deduct	**$20.00**	per M sq. ft.
3-ply 3/16"—Deduct	**10.00**	" " " "
But for 5/16" 3-ply—Add	**40.00**	" " " "
3/8" 3-ply—Add	**60.00**	" " " "
5-ply 3/8"—Add	**100.00**	" " " "
5-ply 7/16"—Add	**180.00**	" " " "
5-ply 1/2"—Add	**210.00**	" " " "

5/16" and thinner made 5-ply Add **$60.00** per thousand square feet to the price of 3-ply of the same thickness.

NOTE:—3-ply 3/8" panels are made only in plain woods.

Crated Panels will weigh approximately as follows:

3/16"	750 lbs. per M sq. ft.
1/4"	1000 " " " " "
5/16"	1250 " " " " "
3/8"	1500 " " " " "
7/16"	1750 " " " " "
1/2"	2000 " " " " "
9/16"	2250 " " " " "
5/8"	2500 " " " " "
3/4"	3000 " " " " "

Flush Veneered Doors:

1 1/8"	3 1/4 lbs. per sq. ft.
1 3/8"	4 " " " "
1 3/4"	5 " " " "
2"	5 3/4 " " " "
2 1/4"	6 1/4 " " " "

French Doors and Doors Similar to R-601:

1 3/8"	3 lbs. per sq. ft.
1 3/4"	4 " " " "
2"	4 3/4 " " " "
2 1/4"	5 1/2 " " " "

Packing — Doors

Carloads shipped uncrated unless otherwise provided for in estimate.

L.C.L. shipments packed 3-doors in a package.

Packing charge **$1.00** net per package.

350 average size doors ordinarily will make minimum carload.

Packing — Panels

An extra charge for crating of **$1.00** net will be made on all orders totalling less than 25 pieces.

Quantities — Panels

Prices are for 50 or more panels of a size and kind.

Less than 10 of a size and kind add **30%**.
10 to 25 of a size and kind add **15%**.
25 to 50 of a size and kind add **5%**.

Quantities — Tops

Prices are for 50 or more pieces of a size and kind.

For 1 piece only of a size and kind add **30%**.
For 2 to 5 pieces of a size and kind add **25%**.
For 6 to 20 pieces of a size and kind add **15%**.
For 20 to 50 pieces of a size and kind add **5%**.

Above sq. ft. prices are for orders totalling 150, or more, doors. For orders totalling less than 150 doors, add **4c** per sq. ft. to above base prices.

For doors thicker than 1¾" add **6c** per sq. ft. for each ¼" in thickness, or fraction thereof, over 1¾".

Doors with 3" edge strips to be used for cut-

CORRECTION SHEET

FOR PAGE 18, PRICE LIST No. 24

ting down to smaller sizes add to sq. ft. price **30c** plain woods, and **40c** for figured woods.

Doors showing different kinds of wood on opposite sides, will be figured at the sq. ft. price of the higher priced wood.

For transoms with order for doors, price can be figured at actual sq. ft. in transoms. If not with order for doors, the price of transoms will be a minimum of **$5. 00** each.

Birch and Gum Transoms, without edge strips, and grain running with the width of doors in sizes not to exceed 42″ in length with grain, **60c** per sq. ft.

Prices for doors cover 10 or more doors of a size and kind.

Add **$2. 00** per door for one door of a size and kind.

Add **$1. 50** per door for from 2 to 5 doors of a size and kind.

Add **80c** per door for from 6 to 9 doors of a size and kind.

Net Extras—No Discount
Thick Veneers

Add The Following Percentages to List.

	⅛″ Before Sanding	¼″ Before Sanding
Unselected Birch	15%	80%
Unselected Gum	15%	80%
Red Gum and Ash	15%	80%
Red or White Birch	16%	80%
Basswood, Elm	11%	60%
Rotary Red or White Oak	15%	80%
Sawn-Red or White Oak	25%	100%
Sawn Birch	25%	100%
White or Yellow Pine	15%	80%
Quartered White Oak	30%	100%
Quartered Figured Red Gum	30%	100%
Mahogany	25%	100%
Plain Walnut	40%	100%

For ⅛″ Crossbanding add to net sq. ft. price **10%**.

Prices cover doors up to 8′ long 4′ wide. For larger doors the following extra charges will be made:

4′ to 5′ wide **$1. 50** net extra per door
5′ to 6′ wide **3. 00** net extra per door

For doors over 6′ wide, or 8′ high, get quotations from the home office.

Doors longer than 98″ cannot be furnished with Rotary Cut Veneers.
